---

No no 449 dt 3-6-47

Returned, with compliments

2 The estimate amounting to Rs 12,300/- is scrutinised It is in order

3 As regards the provision of Rs 375/- made in the estimate for carting the extra earth, it is reported by the Sanitary Engineer that the nature of the soil is not uniform and both gravelly and gritty soils met with during excavation for the drains I am of opinion that in places where gravelly soil is met with, it will not be possible to spread the entire quantity over the road surface Hence the provision of Rs 375/- made in the estimate is retained

OFFICE OF THE DEPUTY COMMISSIONER,
Mysore District,
No D3 C 2894 of 46-7. Mysore dated the 25th February 47.

From

S N NAGARAJA RAO, Esq , M Sc ,
Deputy Commissioner, Mysore District,
Mysore

To

J B MALLARADHYA, Esq , I A ,
Secretary to Government, Revenue Department,
Bangalore

Sir,

Construction of side masonry for the street and the main drain at Nanjangud

In forwarding herewith, a report No H C 131 of 46-7, dated 12th February 1947 received from the President, Town Municipal Council, Nanjangud with a supplement N estimate of cost for Rs 12,300/- for the above work, I have the honour to state that in the drainage estimate sanctioned by Government in their order No L 10047-52/V1 73-44-5 dated 7th April 1945 for Rs 107445/- for the IV stage, no provision is stated to have been made for side masonry, that in actual execution, however, it was found necessary to construct the side masonry to protect the road surface and also the drain and that as a result of joint inspection of the drainage work by the President and the Sanitary Engineer, a supplementary estimate providing for this necessary masonry item of work has been prepared

The Municipal Council at their ordinary General meeting held on 29-1-1947, have resolved to countersign this supplimentary estimate, proposing to meet their quota of cost out of the closing balance Copy of the resolution is enclosed The Countersigned estimate is reported to have been sent to the Sanitary Engineer for executing the work The Council request that Government may be recommended to grant half the cost of the work

P T O

I request in the circumstances that Government may kindly be moved to sanction half the cost amounting to Rs 6150/- out of their Town Improvement grants for the year, and the payment of the Municipal quota of the remaining half out of the Closing Balance of the Municipality A sum of Rs 375/- is provided for carting extra earth In my opinion, this extra earth need not be carted but spread on the road itself as it is gravelly in Character

I have the honour to be,
Sir,
Your most obedient servant,

Asst DEPUTY COMMISSIONER,
Mysore District
(Absent from Head-Quarters)

To

The D C Nilgiris District

Sir,

With reference to your letter No D3 C 2894/46-7 dated 25-2-47 on the above subject, I am directed to request you to furnish the following information in the matter.

1) There were many complaints to the effect that the drainage work was not being executed properly and enquiries were asked to be made about this. Have you done so and if so what is your opinion in the matter?

2) How many members attended the municipal council meeting held on 29-1-47 and how many voted for the resolution and

3) According to the budget estimates of the Nanjanad Town Mity for 1946-47, the closing balance is only about Rs 7000/- How could the municipality bear their portion

of the cost of Rs 6,150/- transfer
amount? Will not the balance be
hopelessly short of the prescribed
minimum? Do the municipal
authorities expect to have a
much larger closing balance
than anticipated in the budget
estimates?

To

Syed Abdul Aleem, Esq , B A ,
Secretary to Government,
Revenue Department, Bangalore

Sir,

Subject: Construction of side Masonry for the street Main drain at Nanjangud at an estimated cost of Rs 12,300/-

With reference to your letter No L 17354 dated 24th June 1947 calling for information on certain points relating to the above subject, I have the honour to state that I made inquiries into the complaints and inspected the work also personally in company with the Municipal Councillors and made a report to Government on 24-2-47 pointing out the defects Kind reference is invited to my letter No D3-C.2783/46 dated 24th February 1947 Besides, the defects pointed out, I found also that mud had been used for building rivetment in front of the Palace ~~Gulli mortor~~ Sand mortor should have been used As the stone slabs were not properly set, they have sunk into the earth and caused cracking of the sides damaging the drains already Since my inspection the present work done seems to be somewhat better This is about the first point

As regards the 2nd point, it is submitted that 16 members were present at the Council meeting held on 29-1-1947 and three were absent All the members, it is seen, voted for the resolution

The closing balance on 1-6-1947 is ascertained to be Rs.16.374. The Municipality has an investment of /Rs.16,267 in S.B. The introduction of the amusement tax and the levy of transfer duty are expected to bring in some amount The Municipality lays much hope on the levy of Pilgrims tax They propose to ~~levy~~ levy octroi on oil seeds and additional taxes to improve revenue A special Revenue Inspector has been employed to collect the heavy arrears and it is hoped by these means to meet the cost of the work under reference

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Mysore District
